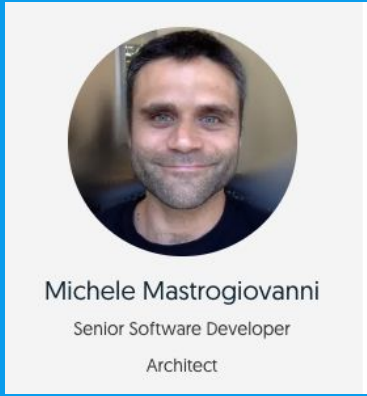
Docker In the Real World!

Matteo D'Amico <matt.dmc08@gmail.com>
Michele Mastrogiovanni <michele.mastrogiovanni@gmail.com>

Roma, 06/02/2020

Who we are!



Senior software developer, architect and researcher. His passions are software engineering, enterprise architectures, machine learning, deep learning and distributed computing in general. Held the PhD in Rome in far 2008 working on Wireless Sensors Networks and other embedded devices. It published several papers (11 on ResearchGate and presented to different conferences around the globe).

Senior Software Developer, a fan of Agile's methodologies, and every form of digital sharing ideas. Java & IoT developer with a past in Telco companies. Docker & Kubernetes addicted. Lover of new technologies, trips and mountains.

The story begins...

a Consultancy Journey!
